

Centurion SwingGate

Concept

The Centurion SwingGate is a safe and user friendly passgate allowing the passageway of disabled users, people requiring assistance, prams, deliveries and visitors. The Centurion SwingGate combines a highly reliable motorised mechanism with a choice of barrier designs. This motorised gate can either be used as a single or

Safe

The Centurion SwingGate is a low torque products to minimise risk to pedestrian, in addition in features torque detection so if it sense an obstruction whilst opening it will stops its movement. Additionally the barriers speed can be programmed to suit the application.

Tailored to Suit

The Centurion SwingGate can have the majority of its settings like torque, speed, timeout period, sensitivity, fire alarm integration, brake performance and card buffering adjusted on site, or remotely to ensure its performance best matches the site requirements

User Friendly

The Centurion SwingGate has a very smooth and quiet motorised drive mechanism with a 180° swing allowing for bidirectional use, additionally it has the intelligence to detect if it's being obstructed and will stop moving. The SwingGate can be configured to either close automatically after a programmed amount of time or upon instruction from its operator.

Aesthetic

The barriers can come as either a stainless steel frame or a clear glass panel. The glass panel barriers can come in 1000 to 1800 mm high version.

(Please note on the 1800mm barrier height the width of the wing is reduced to 400mm, therefore a double units is required for wheelchair access.)

Secure

The SwingGate can be controlled by either a simple push button override, IR sensors or it can be integrated with virtually any access or ticketing system.

Remote Control

The SwingGate can be supplied with a desk mounted console or PC software to provide the reception team with easy control of the turnstiles functionality to facilitate visitor entry, simplify alarm monitoring and change operational modes.

In addition the turnstiles can be configured to allow remote diagnostics allowing engineers to dial in and undertake remote maintenance, servicing, configuration and trouble shooting saving on expensive site visits.

The Centaman advantage...

- *Technically superior products*
- *Sydney based 24/7 support helpline*
- *Local offices for a faster response*
- *Flexible support packages*
- *Supply only to turnkey project delivery options*
- *14 Years experience in successfully delivering entrance control solutions*

Key Benefits

- **European Designed & Manufactured**
- **Intelligent**
- **Motorised for Ease of Use**
- **24 Month Warranty**
- **MTBF of 3,000,000 operations**
- **Sealed Drive Unit for 'Maintenance Free' operation**
- **Highly Cost Effective**
- **Advanced Technology**
- **Remote access option for maintenance, trouble shooting & configuration**
- **Advanced Technology**
- **Choice of Barrier Types glass framed / steel P**
- **Choice of Barrier Heights**
- **Integrates with most Ticketing, Membership and Access Control Systems**
- **Applications**
Corporate Offices, Government, Sports Stadia, Leisure Clubs, Manufacturing plants.

Specification

Dimensions

168mm(L) x 168mm(W) x 1000mm(H)

Barrier Height

1000mm - 1800mm (customisable option)

Barrier width

800 - 950 mm (400mm with 1800 tall barrier)

Power Supply Input

:230 volts

Control Electronics

: 12 V DC

Frequency

: 60 / 60 Hz

Power Consumption

: Standby 50W

: Operational 300W

Control Logic

: Microprocessor Control

Operating Temp

: 0°C to 50°C

Humidity

: 80%

Motor

: 12V DC 150 BLDC

Operation Mode

: Normally Closed

Control

: Card In / Card Out

Card In / No Exit

Card In / Free Exit

Locked

Barrier Opening Time

(Standard lane)

: 75% Open 1.3 Seconds

100% Open 2.8 Seconds

Materials

Barrier : 8mm Toughened Safety

Glass

: Stainless steel push bar

: Stainless steel frame

: Stainless steel U Frame

Top Cover

: Stainless Steel

(brushed or Polished)

For Remote Turnstile Maintenance access to the sites network is required and the service is subject to a support agreement

About CENTAMAN

CENTAMAN Systems Pty is the exclusive distributor for some of the world's most prestigious entrance control brands that are used to protect leading corporations, governments, leisure and education facilities as well as retailers around the globe.
