

Touch Panel Remote Control

Concept

The Touch Panel is a desk mounted unit which is designed to sit at reception and provide the reception team with remote control over the turnstiles functionality. The unit consists of touch sensitive buttons, an on board sounder and LED's for reporting back various conditions.

Standard control function:

Button press	Action	Signalling
ON/OFF short press	Activates / deactivates turnstile. Proceeding passes of turnstile are deactivated along with the turnstile deactivation.	Active turnstile - green LED on 
PANIC long press	Activates / deactivates PANIC regime. In states of emergency PANIC signal releases turnstiles and opens all attached gates.	Status output in central PANIC mode is set - green LED on 
IN (OUT) short press	Single pass in IN (OUT) direction. Cannot be activated if a single pass in the opposite direction of the same turnstile is proceeding. Signalling last until the pass completion or timeout.	Proceeding pass - slowly flashing green LED 
IN (OUT) long press	Activates / deactivates permanent pass in IN (OUT) direction. Can be activated in both directions at the same time.	Activated permanent pass - green LED on 
IN (OUT) super-long press	Activates / deactivates permanent blocking in IN (OUT) direction. Can be activated in both directions at the same time. (Only in RS485 mode)	Activated permanent blocking - quickly flashing green LED 
IN + OUT synchronous long press	Unblocks the gate which is blocked after hitting an obstacle. (Only for status signals mode)	Short flash of green LEDs  

The unit is designed to allow:

- Entrance/Exit for 1 visitor at a time
- Entrance/Exit for a large group of visitors
- Disabling the turnstile
- Enabling "emergency" mode to enable free exit (subject to configuration)
- Reporting back of any turnstile malfunctions
- Touch Panel can be configured for 3 turnstiles with "emergency" override or 4 turnstiles

The Centaman advantage...

- *Technically superior products*
- *Sydney based 24/7 support helpline*
- *Local offices for a faster response*
- *Flexible support packages*
- *Supply only to turnkey project delivery options*
- *14 Years experience in successfully delivering entrance control solutions*

Key Benefits

Touch Panel can control

- Visitor Entry
- Fire Alarm Functionality
- Lock / Unlock Turnstiles
- Turnstile Functionality
- Fault Reporting

The Touch Panel works with most of our Centurion Turnstiles. Please check with CENTAMAN Entrance Control for compatibility
